NDLED6SD-80YY-B-W

High-performance LED downlight module for use with RAB new construction roughin. Microprismatic diffusion lens optimizes lumen output and delivers smooth, uniform illumination that enhances any space.

Color: Black cone white trim

Technical Specifications

Suitable for wet locations covered ceiling.

Photometrics are based on prorated reports. Contact

the RAB Lighting Design department for the most up-

80° beam spread with specular thermoplasic optics

and Nanostructure lens technology for smooth light

Professional-grade, die-cast aluminum construction.

NDLED can be installed in drop ceiling tiles when

using optional c-channel bars and following local

This component must be ordered with New Construction Square Rough-In in order to make a

White powder coated die cast trim ring.

Junction Box:

Integral junction box with wiring capacity for Min 90°C supply conductors 4 in 4 out

Electrical

Dimming:

Dimmable. Requires rough-in with dimming driver.

Dimming Driver:

0 - 10V (at 120-277V), TRIAC and ELV (at 120V only).

Other

Air Tight:

Housing certified Air Tight as per ASTM E283

California Title 24:

NDLED6S complies with 2013 California Title 24 building and electrical codes as a residential indoor fixture and commercial indoor fixture for general spaces

Warranty:

RAB warrants that our LED products will be free from defects in materials and workmanship for a period of five (5) years from the date of delivery to the end user, including coverage of light output, color stability, driver performance and fixture finish.

Country of Origin:

Designed by RAB in New Jersey and assembled in the USA by RAB's IBEW Local 3 workers.

Features

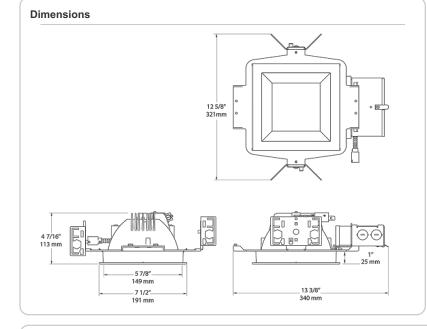

Butterfly bracket allows mounting with bar stock, "C" channel, 1/2" conduit or nailer bars

Low-profile design allows for installation in ceilings with limited space

Absolute White 3-step consistency and black body accurate

Nanostructure lens eliminates "hot spots" providing smooth and efficient light

Available with 82 or 92 CRI
