Technical Specifications

Construction

Housing:

Precision die cast aluminum with durable polyester powder coat. Continuous one piece silicone rubber gasket.

Reflector:

Semi-Specular anodized aluminum, removable for installation. Symmetrical light pattern maximizes distance between fixtures.

Gasket:

Silicone gasket remains in place during relamping.

Finish:

Chip and fade resistant white powder coating.

Optical

Reflector:

Prismatic optics designed to minimize glare and throw light down and out. UV stabilized polycarbonate or glass available.
